### **About Hydro International Ltd:**

---

Hydro International was established in 1994 and since this time the company has grown to become prominent leader in the water and wastewater industry. We pride ourselves on a solution-based, customer focus approach in offering turn-key projects to the municipal and industrial sectors. In addition to design, build, operation, and maintenance capabilities Hydro International also has an extensive off-site manufacturing and innovation facility based in Navan, Co. Meath. This facility supports our Design for Manufacture and Assembly (DfMA) function as well as our machine-building capabilities for water/wastewater treatment and dewatering.

### **The Role:**

---

We are currently on the lookout to recruit an experienced Workshop Foreman/ Supervisor to join one of Ireland's leading providers of water and wastewater treatment services that offer turn-key solutions to the municipal and industrial sectors.

The successful candidate will be responsible for supervising a team of mechanical fitters, fabricators, and operatives in a fast-paced environment, and will be responsible for the safe and efficient running of the workshop, as well as liaising with clients, design, sales, service, and administration departments.

### **Main Duties and Responsibilities:**

---

The main duties and responsibilities of the Workshop Foreman / Supervisor are outlined as follows:

- Supervise the workshop and its staff to achieve an agreed level of quality, efficiency, and profitability.
- Provide both maintenance and technical support in a high-volume manufacturing environment.
- Ensure the workshop is organized and safe to operate in, as set out by the company's health & safety standards.
- Allocate and approve work orders and ensure times allotted are not exceeded and that additional work is recorded accurately.
- Test equipment/products after completion of work to monitor quality control and complete pre-delivery inspections.
- Ensure deadlines are met as prescribed by management.
- Responsible for general order in the workshop and ensuring that tools, special tools, equipment, and workshop literature/checklists are complete and up to date.
- Liaising with clients, design, sales, service, and administration departments, and prioritizing work based on capability and needs.
- Provide toolbox talks for all workshop staff.
- Be able to demonstrate good problem-solving initiatives and maintain and solve NCR issues.

### **Knowledge, Skills, and Experience:**

---

- 3+ years' experience as a Workshop Foreman/ Supervisor in a manufacturing environment.

- Qualification as a Mechanical Fitter or Fabricator is a distinctive advantage.
- Confident and a good understanding of welding and fabrication.
- Familiar with CNC milling machines, and processes.
- Excellent communication and leadership skills.
- Ability to work on own initiative.
- Efficient, with good organizational skills and attention to detail.
- Ability to use Microsoft package programs; Word, Excel, Outlook, etc.
- Manual handling cert
- Fork Lift Licence would be a benefit
- Full clean driving license.

**How to Apply:**

---

To apply for a position please send a CV and cover letter to [Recruitment@glanagua.com](mailto:Recruitment@glanagua.com) quoting the job reference number in the title of the email.

Alternatively apply by post to HR Manager, 20 Mullaghboy Industrial Estate, Navan, Co. Meath, Ireland, C15TK63.  
As with application by email please quote job reference number in the title of the letter.
